

Whites Ferry Road

Whites Ferry Road, between Poolesville and Wasche Road, is not recommended as a rustic road. This portion of the road carries traffic into and out of Poolesville, serves the County pool, and has a restricted bridge that the County is planning to upgrade.

Willis Lane

Willis Lane is a short dead-end road that is on the border between the Town of Poolesville and the county. The road does not meet the criteria for a rustic road.
