#### C. POSITION

The long-range facilities planning process will continue to:

- Plan for utilization of schools in ways that are consistent with sound educational practice and consider the impact of facility changes on educational program and related operating budget requirements and on the community
- Provide a constructive and collaborative advisory role through public hearings, position papers, written comments, and advisory committee memberships for parent organizations (such as the PTA) and other community groups in the capital improvements program. An advisory committee will be established for facilities planning activities listed below:
  - a) Selection of school sites
  - b) Facility design
  - c) Boundary changes
  - d) Geographic student choice assignment plans (such as consortia)
  - e) School closures and consolidations

- Adding six-classroom modular addition this summer to relieve overutilization of existing facility
- Staff grows with temporary help over the summer
- This facility is a key gateway for international students entering MCPS each year
