**MONTGOMERY COUNTY PLANNING BOARD TO PRESENT SEMI-ANNUAL
REPORT TO COUNTY COUNCIL TOMORROW, OCT 10**

SILVER SPRING - Members of the Montgomery County Planning Board will go before the County Council on Tuesday, October 10, 2006 at 2 p.m. to present the semi-annual report for the Department of Parks and the Planning Department.

The five members who comprise the Montgomery County Planning Board are appointed by the County Council and oversee the county's planning function and park system with a combined budget of approximately \$118 million.

In June, the Planning Board presented a report more heavily focused on Planning Department work programs and outcomes. This time, the Planning Board will focus on the park system. In the report, each aspect of parks management and maintenance is listed with goals and objectives. The new version of the report helps determine how many employees are designated to the various tasks necessary to run the 33,119-acre park system.
