

# RE-1 to RE-1 (proposed) Zoning Comparison

The intent of the Residential Estate (RE) zones is to provide designated areas in the county for large-lot residential purposes.

## Illustrative Depiction of Standards for Detached House Building Type

### Side Section of Structure (Main Building)

Height is proposed to be measured from the average grade to the mean height level between eaves and ridge of a gable, hip, mansard, or gambrel roof or to the highest point of roof surface of a flat roof.

### Rationale for Changes Marked in Red

**Sum of Side Setbacks, Interior**  
The proposed zoning code removes the Sum of Side Setbacks requirement since it is redundant.
