## THE MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSION

The Maryland-National Capital Park and Planning Commission is a bi-county agency created by the General Assembly of Maryland in 1927. The Commission's geographic authority covers most of Montgomery and Prince George's counties. The Commission's planning jurisdiction, the Maryland-Washington Regional District, comprises 1,001 square miles; its parks jurisdiction, the Metropolitan District, comprises 919 square miles.

The Commission has three major functions:

- (1) The preparation, adoption, and, from time to time, amendment or extension of *The General Plan (On Wedges and Corridors) for the Physical Development of the Maryland-Washington Regional District Within Montgomery and Prince George's Counties*.
- (2) The acquisition, development, operation, and maintenance of a public park system.
- (3) In Prince George's County only, the operation of the entire County public recreation program.

The Commission operates in each county through a Planning Board appointed by and responsible to the county government. The Planning Boards are responsible for preparation of all local master plans, recommendations on zoning amendments, administration of subdivision regulations, and general administration of parks.

The Maryland-National Capital Park and Planning Commission encourages the involvement and participation of individuals with disabilities, and its facilities are accessible. For assistance with special needs (e.g., large print materials, listening devices, sign language interpretation, etc.), please contact the Community Relations

Office, 301-495-4600 or TDD 301-495-1331.

ABSTRACT

TITLE: The Biotechnology Industry in Montgomery County:  
Factors Related to the Development of the Industry Including Land Use Issues

AUTHORS: Frederick R Peacock, Research Master Planner, Principal Author  
\*Joel Yesley, Volunteer Researcher, Interviews & Co-Author  
Gary Goodwin, Research Coordinator, Firm Listing & The National Industry

SUBJECT: A study of the biotechnology industry in Montgomery County with an emphasis on land use issues

DATE: July 2000, Second edition August 2000

PLANNING AGENCY: The Maryland-National Capital Park and Planning Commission  
8787 Georgia Avenue  
Silver Spring, Maryland 20910-3760

NUMBER  
OF PAGES: 86

ABSTRACT: An analysis of the biotechnology industry in Montgomery County, Maryland in relation to biotechnology research institutions, the national industry, and local land use issues. It is based, in part, on interviews of representatives of 35 local firms and contains a listing of nearly 200 local firms in the industry.
