THE MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSION

The Maryland-National Capital Park and Planning Commission is a bi-county agency created by the General Assembly of Maryland in 1927. The Commission's geographic authority covers most of Montgomery and Prince George's counties. The Commission's planning jurisdiction, the Maryland-Washington Regional District, comprises 1,001 square miles; its parks jurisdiction, the Metropolitan District, comprises 919 square miles.

The Commission has three major functions:

- (1) The preparation, adoption, and, from time to time, amendment or extension of *The General Plan (On Wedges and Corridors) for the Physical Development of the Maryland-Washington Regional District Within Montgomery and Prince George's Counties.*
- (2) The acquisition, development, operation, and maintenance of a public park system.
- (3) In Prince George's County only, the operation of the entire County public recreation program.

The Commission operates in each County through a Planning Board appointed by and responsible to the County government. The Planning Boards are responsible for preparation of all local master plans, recommendations on zoning amendments, administration of subdivision regulations, and general administration of parks.

The Maryland-National Capital Park and Planning Commission encourages the involvement and participation of individuals with disabilities, and its facilities are accessible. For assistance with special needs (e.g., large print materials, listening devices, sign language interpretation, etc.), please contact the Community Relations Office, (301) 495-4600 or T.D. (301) 495-1331.

ABSTRACT

TITLE: Demographic Profile for the Potomac Subregion, 1997

AUTHOR: The Maryland-National Capital Park and Planning Commission

SUBJECT: A demographic profile for the Potomac Subregion, 1997

DATE: September 1999

PLANNING AGENCY: The Maryland-National Capital Park and Planning Commission

ABSTRACT: This document contains data and analysis concerning the demographic profile of the Potomac Subregion, which includes the subareas of Potomac, Travilah, Darnestown, and North Potomac. This report is based on information obtained from the 1997 Census Update Survey conducted by the Department of Park and Planning, Research and Technology Center; information on previous conditions is from the 1987 Census Update Survey, also conducted by the Research and Technology Center. This demographic report provides background information on the characteristics of the population to help guide the ongoing revision of the Potomac Subregion plan.
