Forward

This *Directory of Faith-Based Organizations in Montgomery County* includes over 680 faith-based organizations operating within the County. These organizations were identified using the 1997 Inventory, as well as addresses found through extensive searches of the internet searches, traditional, ethnic and community phone directories, and community newspapers. Addresses of identified organizations were matched to County property tax records to ensure accuracy. The inventory focuses on houses of worship, or other uses, but not on facilities that operate exclusively as religious schools. However, faith-based organizations that operate schools as one of several community services are listed here.

This *Directory of Faith-Based Organizations in Montgomery County* accompanies our *2007 Survey of Faith-Based Organizations*, conducted between the fall of 2006 and the spring of 2007 by the Montgomery County Planning Department's *Strategic Planning Division*. This survey and inventory update the Department's previous efforts conducted in 1997 to examine the experiences of faith-based organizations with the County's land use and development process. It also explored planned expansion or relocation plans of the County's faith-based organizations. Further information was obtained regarding size, location, faith/denomination and services provided by these organizations. The results of the survey were presented to the Planning Board and released through a staff report in July 2007. The *Directory* includes all identified faith-based organizations, not just those that responded to the survey.

While the Planning Department made a concerted effort to identify the entirety of faith-based organizations operating within Montgomery County, staff regrets any facilities that might have been missed. The Planning Department suggests that additions to the Directory be provided to the Department's Community Outreach and Media Relations Division at 301.495.4604.
