The White Flint Sector Plan Advisory Committee

The White Flint Sector Plan Advisory Committee consists of property owners, residents and interest groups that are stakeholders in the redevelopment of the Sector Plan area, as well as representatives from the Executive Branch, to evaluate the assumptions made regarding congestion levels, transit use, and parking. The committee's responsibilities should include monitoring the Plan recommendations, identifying new projects for the Amenity Fund, monitoring the CIP and Growth Policy [Subdivision Staging], and recommending action by the Planning Board and County Council to address issues that may arise.
