

welcome to the East County Science Center Master Plan open house

project goals

- Create a 21st century vision for the Cherry Hill/ FDA/White Oak area
- Plan for a new mixed-use community with high-tech jobs, housing, retail, schools, efficient transit, and open space and recreation
- Attract/support a new bio-tech employment cluster in the Eastern County
- Provide a better jobs/housing balance in the Eastern County
- Create more diverse housing options in the Eastern County

how can you help?

- Tell us what you think about our project goals; add your own!
- Tell planners what's good about your area
- Identify issues and concerns
- Put yourself on our mailing list to stay informed about the plan
- Visit montgomeryplanning.org/community/ecsc
