Process

---

**Mapping**

- **Current I-1**
  - 942.19 acres
  - 0.33%

- **Current I-2**
  - 757.36 acres
  - 0.27%

- **Current I-3 (floating)**
  - 970.29 acres
  - 0.34%

- **Current I-4**
  - 663.57 acres
  - 0.23%

- **Current R&D**
  - 47.40 acres
  - 0.017%

- **Current LSC**
  - 73.84 acres
  - 0.03%

---

**Proposed**

- IL (I-4)
- IM (I-1, RS*, R&D) 1,063.43 acres, 0.37%
- IH (I-2)
- I-3 proposed to convert to EOF; LSC remains LSC. Both categorized as Employment zones

---

* RS 73.84 acres and .03%,
Zones Established

• **Current**

  Sec. 59-C-5.1. Zones established.

  The following are the industrial zones and their identifying symbols.

  I-1 – Light Industrial
  I-2 – Heavy Industrial
  I-3 – Technology and Business Park (floating)
  I-4 – Low-Intensity, Light Industrial
  R&D – Research and Development
  LSC – Life Sciences Center

• **Proposed**

  Sec. 2.1.1. Overview of Established Zones

  A. Euclidean Zones
     6. Industrial
        a. IL: Light Industrial
        b. IM: Moderate Industrial
        c. IH: Heavy Industrial
Intent Statement

New

Light Industrial
The IL zone is intended to provide land for industrial activities where major transportation links are not typically necessary and noise, dust, vibration, glare, odors, and other adverse environmental impacts are usually minimal. The IL zone is appropriate as a transitional Industrial zone between a Residentially zoned area and land classified in the IM and IH zones.

Moderate Industrial
The IM zone is intended to provide land for industrial activities where major transportation links are not typically necessary and noise, dust, vibration, glare, odors, and other adverse environmental impacts are usually minimal.

Heavy Industrial
The IH zone is intended to provide land for industrial activities that usually need major transportation links to highways or rail and may create significant noise, dust, vibration, glare, odors, and other adverse environmental impacts.

General Regulations
Process

New Uses

– Agricultural Vending (L)
– Ambulance or Rescue Squads (private) (P)
– Bus, Rail Terminal (P)
– Car Wash (L)
– Commercial Vehicle Repair (P): use consolidation, aircraft parts, sales and services are currently a P
– Drive Thru Facility (L)
– Farm Market, On-site (L)
– Seasonal Outdoor Sales (P)
– Taxi/Limo Facility (includes storage) (P)
I-4 to IL Uses

Intent Statement

Uses
Development Standards
Optional Method (later worksession)
Floating Zones (later worksession)
General Regulations
Process

Use Changes

– Agricultural Uses separated into Urban Farming, Community Garden and Animal Husbandry
– Private Club, Service Organization (SE to L with site plan if abutting/confronting ag, rural, res)
– Office (max GFA for office is limited to 50%)

Uses Removed from the Zone

– Dwellings (currently SE) (IMU Overlay allows residential uses in I-4 near transit)

Other Use Changes - further discussion

– Retail
– Restaurant
– Recreation
I-4 to IL Uses

Current code:

Retail sales and personal services.

In the I-1, I-2, I-3, I-4, and R&D zones, retail sales and personal services operating primarily for the convenience of employees are permitted uses subject to the following limitations:

(a) Such use must not be located in an industrially zoned area containing less than 10 contiguous acres of land classified in industrial zones.

(b) Such use must not occupy more than 5 percent of the total floor area of the buildings on a lot or group of contiguous lots in common ownership and control at the time of subdivision approval.

(c) Such use must not front on or abut any street with a right-of-way of 70 feet or more, unless the street is internal to the industrially zoned area. Such use, however, must not front on or abut any street with an existing or master planned right-of-way of 100 feet or more. All access to such use must be from interior streets within the industrially zoned area.

(d) The display of a sign must satisfy Article 59-F.

(e) In the I-3 and R&D zones, such use may be located within any building as an incidental use under the following requirements:

   (1) Such incidental use must not be located above the first floor;

   (2) Such incidental use must satisfy subsections (a), (b), and (d) above.

The provisions of this section shall not apply to any land or building lawfully existing, under construction, or for which a building permit has been issued before August 19, 1987.

Process

Use Changes Proposed

– Retail/Service (up to 5,000 sf) - Permitted
– Retail/Service (over 5,000 sf) - Limited
  • Limited to sales/service for:
    – Building & food service supply, wholesale, & retail
    – Computer programming and software sales and service, including data banks, and data retrieval
    – Wholesale trades limited to sale or rental of products intended for industrial or commercial users
  • For other retail/service uses, maximum of 50% of allowed GFA
– Restaurant - Limited
  • Maximum of 25% of allowed GFA
– Recreation and Entertainment, Indoor (capacity up to 1,000) – Permitted, or Limited
– Other Recreation & Entertainment – Conditional

– Pending a meeting with industrial property owner(s) next week, will advise the Board of any recommended change

General Regulations
Process

General Regulations

• Recreation Facilities
  – May apply in the IL zone due to IMU overlay

• Landscaping & Outdoor Lighting
  – Outdoor lighting codified, esp.:
    • Conditional uses limited to maximum 0.1fc illumination level at lot line abutting detached house
    • Parking lot lighting restricted
  – May have “greener” parking lots
  – Screening may be required for general buildings, multi-use buildings & conditional uses

• Outdoor Display & Storage
  – May be subject to setbacks & screening

• Signs
  – No change
