Explanation of CR Symbol

* A "T" following the CR formula indicates that in these areas, additional density may be applied for MPDU bonus density under Chapter 25A or for additional height to provide for workforce housing within a Central Business District. The "T" was mapped as a temporary measure through the conversion process on properties not currently zoned CR or CRT, and will remain on the map until these areas are reviewed in a new master or sector plan. See Div. 2.1.6 for more information.

Explanation of Employment Symbol
